‘HOT-SYNC’ WITH THE GALACTIC CENTRE
DAY BY DAY THROUGH THE SACRED CYCLE OF 260

If book 1 provided the foundation stone of the cosmology and philosophy, and book 2 the building blocks for your own life, then Book 3 gives the stepping stones for your journey through time and space.

It is no mistake that this trilogy follows the trinity of Be-Do-Have mentioned in Book 1. Book 1 is the Being or essence of the Galactic Codes, Book 2 the Doing or application to your life, and Book 3 the Having - resulting structure of words, that contains both the essence and the energy of the preceding books.

Conversations with God says that Ideas leave not their source. And so the ideas or foci for each new dawn carries with it the purity and profoundness of the truth that gave rise to it.

And as always with the cycle of life, our results or havings, give us the opportunity for new creation. So it is with this third book in the trilogy. The form of words is such that it facilitates and engenders a particular attitude - a new way of being to greet each day; A way of being that mirrors and aligns with the very pregnancy of purpose of each day; And that does so in sync with the cycle of pregnancy itself - the 260 day gestation cycle.

This cycle reflects the shortest cycle of the sun - the 260 days it takes for its equatorial cycle to re-synchronize with its polar cycle. It is also a fractal of the 26,000 year galactic cycle that will end and recommence in 2013.

And so each daily declaration engenders a way of being that allows you track at the microcosmic level of your own experience, the effecient, effective and ever evolving cycle of the macrocosm itself.

This is truly a diary for self-development and an almanac for ascension.

260 GALACTIC PROSPERITY DECLARATIONS

These are powerful affirmations – that are relevant to the whole planet for any day you look up, and for the entire life of anyone born on those days. By feeling or resonating with the declaration of a day, you attune yourself with the greater rhythm and flow, not only at a planetary level, but at a greater cosmic level. They have been called "Galactic Prosperity Declarations" for three main reasons:

GALACTIC

The declarations or affirmations are based on the Mayan Calendar or Tzolkin, a truly galactic template. At the same time, the seed is being planted for your life to embrace abundance and prosperity you deserve - thet is, in 'galactic' proportion!

PROSPERITY

There is often a confusion between money and prosperity. Prosperity of course includes financial abundance, yet true prosperity is about being vibrant, radiant and fulfilled in all areas, and at all levels in your life. These declarations are designed to facilitate an opening of the gates in your life to unlimited prosperity and well-being in a way that is wholesome, whole and in balance.

DECLARATION

- Each Declaration is a statement of who you are and a command to the universe to reflect your life accordingly.
- Each one fulfills all of the 13 steps of creation. It:

IDENTIFIES YOUR PURPOSE;
SETS OUT YOUR STALL IN THE FACE OF CHALLENGE;
IS A PRAYER AND GESTURE OF FAITH;
RE-DEFINES WHO YOU ARE;
COMMANDS THE UNIVERSE INTO ACTION;
ESTABLISHES YOU AT ONE WITH THE RHYTHM AND FLOW OF LIFE;
RAISES YOUR FREQUENCY AND ALIGNS YOU WITH SOURCE;
FACIITATES HARMONY AND INTEGRATION BETWEEN YOUR IDEAS, WORDS, AND ACTION;
MOVES YOU TO ACTION;
RE-ITERATES YOUR INNATE PERFECTION;
IS AN HONOURING OF YOURSELF AS CO-CREATOR WITH THE DIVINE;
SHARES AND EXPANDS YOUR INTENT INTO THE WORLD;
AND CELEBRATES YOUR CONNECTION WITH THE SOURCE OF ALL

APPLICATION

I invite you to use this as a daily calendar reference. When you use it to attune with the today simply look up today's date on the convertor at the back of this book or on the ready reckoner at the back of book 2. Each day you can simply add the word "Today, ..." and then continue the declaration. As long as you don't skip a day, you will literally be in sync with the cycle for ever.

Some use the daily reference as a 'track to run on' first thing in the morning, to be effective during the day. others prefer to look back at the end of the day to check how 'in sync' they may have been.

If you choose to use this 3rd book in the trilogy in conjunction with book 2 to provide a reading for someone, then a wonderful contribution to the reading is to include that persons personal life affirmation - their Galactic Prosperity Declaration.

However you use this book, I wish you fun, and trust it will greatly enhance the quality of your life.

To find the declaration for your life, look up your date of birth in the same way.

If you choose to use these books as a reference for personal readings or life charts, the appropriate life declaration from this book will make an empowering add-on to your reading.

LOOK-UP GUIDE

If you have purchased all three books, refer to the ephemeris at the back of Book 2:

- From the date you are looking up, you wil find a 'Kin' reference number.
- Each of the 260 Galactic Prosperity Declaration pages is numbered in Kin number sequence, from Kin 1 to Kin 260.
- You now have the reference to find the Galactic Prosperity Declaration page.

Alternatively:

- Download the Mayan Time Convertor from the Galactic Prosperity website.
- Follow the printed Instructions on how to use the convertor.
- From the date you are looking up you will arrive at a Tone/number and a Seal/symbol name.
- Refer to the 'Tzolkin with Kin Numbers' at the back of this book. The seals are listed as row headings down the left hand side of the Tzolkin. When you have found the seal you want, run left to right along that row until you find the square with the tone you are after. The tone is the upper of the two numbers.
- That square will have a kin number, from 1 - 260, the other number in the square.
- You now have the reference to find the Galactic Prosperity Declaration page.

In order to create 'what is next' from wisdom,
evolve consciousness, and become the change I envisage
I am guided by the power of magic

13 Sun
Kin 260

I am joyous, blissful, and at peace within and without,
whole-hearted, free and whole
I celebrate spirit by being
and regenerate life through unfolding
in order to re-experience that I AM SOURCE,
evolve consciousness, and own my change of perception
I am guided by the power of repatterning
I am a catalyst at the point of choice
